Purpose:

During the first week of June 2017, the *Inside WorkSource* website and its content -including policies and guidance, grants and contracts administration, monitoring, and contact directories - moved to a new location.

The new site, called the Workforce Professionals Center, went live Wednesday, May 30, 2017.

The WorkSource System is an equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. Language assistance services for limited English proficient individuals are available free of charge.

Content:

Several ESD-maintained websites were re-evaluated to ensure we are reaching the customers we want with the most current and useful information available. As a result, Inside WorkSource, Inside WIT, Inside WorkFirst, and WARN were incorporated into a single new site called the Workforce Professionals Center (wpc.wa.gov).

Action:

Local Workforce Development Boards (LWDBs), their contractors and Employment Security regional directors must distribute this guidance broadly throughout the system to ensure that staff and partners in the WorkSource system are familiar with its content and requirements.

References:

- Old Inside WorkSource site <u>www.wa.gov/esd/1stop/</u>
- New Workforce Professionals Center site <u>wpc.wa.gov</u>
- Policy information on the new Workforce Professionals Center site wpc.wa.gov/adm/policy

This new website contains all resources WorkSource system staff and partners need to provide exceptional service to our customers.

The old Inside Worksource site presently redirects you to the new site at wpc.wa.gov.

Starting Jan. 1, 2018, the redirect will no longer work. Staff should now bookmark the new site's URL and delete the old site information.

The new website contains the same information as the old *Inside WorkSource* site, but is displayed in a more user-friendly format.
