Wagner-Peyser

Wagner-Peyser Act of 1933

- ▶ Established a nationwide system of public employment offices, known as the **Employment Service**. The Employment Service seeks to improve the functioning of the nation's labor markets by bringing together individuals seeking employment with employers seeking workers
 - ▶ Amended in 1998, to make **Employment Service** part of the one-stop delivery system under the Workforce Investment Act (WIA)
 - ▶ Amended in 2014, under Workforce Innovation and Opportunity Act (WIOA) Title III and builds upon the previous workforce reforms, requires colocation of the **Employment Service** offices into the nearly 2,500 American Job Centers nationwide, and aligns performance accountability indicators with other federal workforce programs

Workforce Innovation and Opportunity Act (WIOA)

The Workforce Innovation and Opportunity Act (WIOA) of 2014

- ▶ WIOA is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.
 - ▶ Signed into Law on July 22, 2014
 - ▶ WIOA supersedes the Workforce Investment Act (WIA) of 1998
 - ▶ WIOA amends the Adult Education and Family Literacy Act (Title II), the Wagner-Peyser Act (Title III), and the Rehabilitation Act of 1973 (Title IV).

What is the PIRL?

Employment Rate 2nd and 4th Quarter After Exit

➤ **Employment Rate – 2nd/4th Quarter After Exit (*Non-Youth*):**

The percentage of participants who are in unsubsidized employment during the 2nd/4th quarter after exit from the program.

What is being measured?

Here DOL is measuring the employment outcomes of Adult, Dislocated Worker, and Employment Service program exiters. Successful outcomes are all participants who exited during the reporting period who were employed in the 2nd/4th quarter after program exit (PIRL 1602/1606; code value #1, 2, or 3). Youth program participants are excluded. There is a specific youth definition.

Employment Rate 2nd and 4th Quarter After Exit (Cont.)

➤ **Employment or Education Rate – 2nd/4th Quarter After Exit (Youth Only):**

The percentage of participants who are in unsubsidized employment or enrolled in training or education during the 2nd/4th quarter after exit from the program.

What is being measured?

Here DOL is measuring the education and employment outcomes of Youth who exited a program. Successful outcomes are all participants who exited during the reporting period from the Youth program who were employed in the 2nd/4th quarter after program exit (PIRL 1602/1606; code value #1, 2, or 3) or in training or education in the 2nd/4th quarter after program exit (PIRL 1900/1901; code value #1, 2, or 3).

Data Needed in ETO for Employment Rate 2nd and 4th Quarter After Exit

Denominator

The cohort for reporting are those participants whose Exit Date is within the reporting period. (See Chart for reporting period cohort – Exit Date needs to be within these dates)

Exclusions: Exited with one of these exclusions Institutionalized, Health/Medical, Deceased, Reserve Forces called to Active Duty, Foster Care, and Criminal Offender

Note: *Exit Date*, is the date of the last Participation Level Service (Significant Staff Assisted Service or Individualized Service). The Exit Date is retroactively assigned, by the system, after 90 days of no Participation Level Services. Common Exit allows for any Participation Level Service, by any program, to extend the Exit Date.

For Wagner-Peyser (General WP, Veterans, and MSFWs) and IVSG

- ▶ **Collect ALL Demographic and Characteristic job seeker information** (Collected on the Demographic TP, Veterans' TP, MSFW TP, and Disability TP)
- ▶ **Provide job seeker a Participation Level Service** (Collected on the Basic Services TP and the Individualized Training Support Service TP)
- ▶ **Ensure the job seeker has the correct SSN** (SSN is not required in order to serve a job seeker, but is used for wage matching)

For ALL DOL Programs except WP and IVSG (See Appendix for a list of ESD managed Programs reported through the PIRL)

Note: REO is currently being reported as zeros, because ESD has no grants.

- ▶ **Collect ALL Demographic and Characteristic job seeker information** (Collected on the Demographic TP, Veterans' TP, MSFW TP, and Disability TP)
- ▶ **Determine Program Eligibility** (Collected on the Program Eligibility TP (Youth also require an Initial Assessment and Individual Service Strategy (ISS))
- ▶ **Enroll Seeker in a Program, if eligible** (Collected on the Program Enrollment TP)
- ▶ **Provide the job seeker a Participation Level Service**, (Which starts on or after the Program Enrollment Start Date and is attached to the appropriate program.) (Collected on the Basic Services TP and the Individualized Training Support Service TP)
- ▶ **Ensure the job seeker has the correct SSN** (SSN is not required in order to serve a job seeker, but is used for wage matching)

Numerator

For all job seekers in the Denominator,

SSN match on available Wage Data - The PIRL elements used to calculate the **Employment Rate 2nd/4th quarter After Exit** are populated using in-state/out-of-state wages, from sources outside of ETO and are derived by using the SSN. **We must have a correct SSN, in order to do this.**

Report Quarter	July - Sept.	Oct. - Dec.	Jan. - Mar.	Apr. - June
Report Due Date	November 15, 2022	February 15, 2023	May 15, 2023	August 14, 2023
Employment Rate Second Quarter After Exit	10/01/20 to 9/30/21	1/01/21 to 12/31/21	4/01/21 to 3/30/22	7/01/22 to 9/30/22
Employment Rate FourthQuarter After Exit	4/01/20 to 3/31/21	7/01/20 to 6/30/21	10/01/20 to 9/30/21	1/01/21 to 12/30/20

Median Earnings

- **Median Earnings – 2nd Quarter After Exit:** The median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program.

What is being measured?

Here DOL is measuring the earnings of program exiters. Successful outcomes are all participants who exited during the reporting period with earnings.

The median is the number that is in the middle of the series of numbers, so that there is the same quantity of numbers above the median as there are below the median. The data for this calculation is drawn from PIRL 1704.

To calculate the median, wages (PIRL 1704) must first be ranked (sorted in ascending order). The median earnings value is the wage in the middle of the rank order list. If the list rank order of earnings contains an even number of values, sum the two middle values and divide by two. Whether there is an odd or even number of entries in the list of earnings values, there will be an equal number of records above and below the median value.

Data Needed in ETO for Median Earnings

Denominator

The cohort for reporting are those participants whose Exit Date is within the reporting period, who have wages reported. (See Chart for reporting period cohort – Exit Date needs to be within these dates, and the job seeker needs to have wages reported)

Exclusions: Exited with one of these exclusions Institutionalized, Health/Medical, Deceased, Reserve Forces called to Active Duty, Foster Care, and Criminal Offender

Note: *Exit Date*, is the date of the last Participation Level Service (Significant Staff Assisted Service or Individualized Service). The Exit Date is retroactively assigned, by the system, after 90 days of no Participation Level Services.

Common Exit allows for any Participation Level Service, by any program, to extend the Exit Date.

For Wagner-Peyser (General WP, Veterans, and MSFWs) and JVSG

- ▶ **Collect ALL Demographic and Characteristic job seeker information** (Collected on the Demographic TP, Veterans' TP, MSFW TP, and Disability TP)
- ▶ **Provide job seeker a Participation Level Service** (Collected on the Basic Services TP and the Individualized Training Support Service TP)
- ▶ **Ensure the job seeker has the correct SSN** (SSN is not required in order to serve a job seeker, but is used for wage matching)

For ALL DOL Programs except WP and JVSG (See Appendix for a list of ESD managed Programs reported through the PIRL)

Note: REO is currently being reported as zeros, because ESD has no grants.

- ▶ **Collect ALL Demographic and Characteristic job seeker information** (Collected on the Demographic TP, Veterans' TP, MSFW TP, and Disability TP)
- ▶ **Determine Program Eligibility** (Collected on the Program Eligibility TP (Youth also require an Initial Assessment and Individual Service Strategy (ISS))
- ▶ **Enroll Seeker in a Program, if eligible** (Collected on the Program Enrollment TP)

Report Quarter	July - Sept.	Oct. - Dec.	Jan. - Mar.	Apr. - June
Report Due Date	November 15, 2022	February 15, 2023	May 15, 2023	August 14, 2023
Median Earnings Second Quarter After Exit	10/01/20 to 9/30/21	1/01/21 to 12/31/21	4/01/21 to 3/30/22	7/01/22 to 9/30/22

Credential Attainment

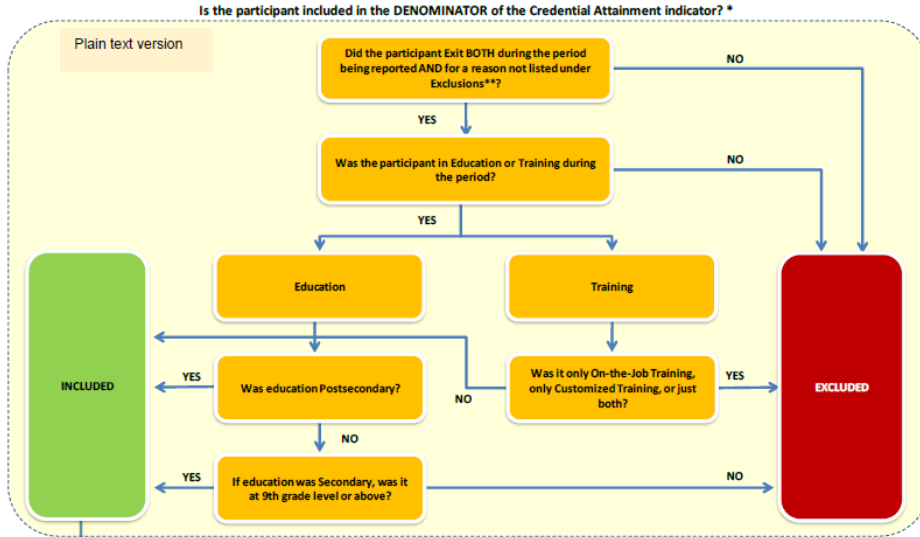

- **Credential Attainment:** The percentage of those participants enrolled in an education or training program (excluding those in on-the-job training (OJT) and customized training) who attain a recognized postsecondary credential or a secondary school diploma, or its recognized equivalent, during participation in or within one year after exit from the program. A participant who has attained a secondary school diploma or its recognized equivalent is included in the percentage of participants who have attained a secondary school diploma or its recognized equivalent only if the participant also is employed or is enrolled in an education or training program leading to a recognized postsecondary credential within one year after exit from the program.

What is being measured?

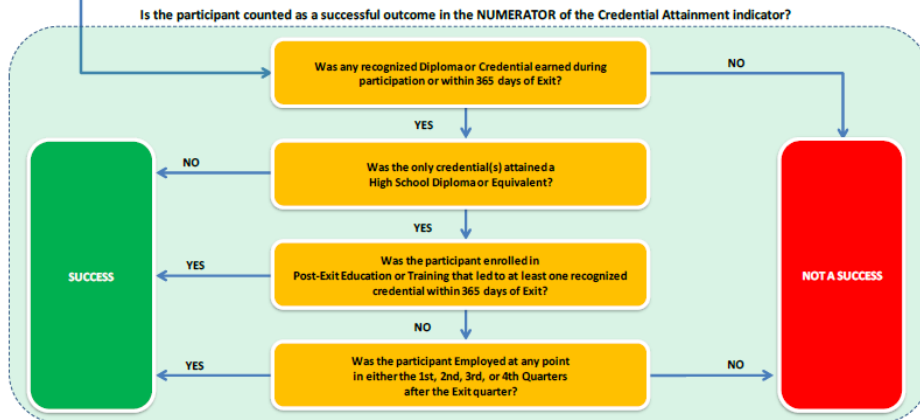

Here DOL is measuring the credentials that program participants in education or training have earned. Successful outcomes are participants in education or training who obtain a recognized postsecondary credential or a secondary school diploma, or its recognized equivalent, during the program or within one year after exit. A participant should only be included in the credential attainment indicator once per period of participation. Participants who achieve multiple credentials should be reported based on the highest credential attained for that period of participation.

Credential Attainment Decision Path

** Exclusions: foster care entry, VR Ineligibility assessment, reservist entering active duty, criminal offense, institutionalization, health/medical issue, death

** Note that PIRL1800, PIRL1802 or PIRL1804 cannot be empty or coded "0" because the prior decision box (respectively, the value used in PIRL1801, PIRL1803, or PIRL1805) documents the attainment of credentials.

Data Needed in ETO for Credential Attainment

- ▶ For ETO Data Entry, for Credential Attainment, please refer to the [WPC Website - Reports](#), under the **DOL PIRL Technical Assistance (TA)** section, under the **Data Integrity (DI) Team DOL PIRL Technical Assistance (TA)** category, under the **Data Integrity (DI) Team DOL PIRL Functional Training** sub-category, under the **DOL Credential Attainment (CA) PMA Functional Training** file.

Measurable Skill Gains

- ▶ **Measurable Skill Gains:** The percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment.

What is being measured?

Here DOL is measuring the progress of program participants in training or education.

Successful outcomes: of the participants currently enrolled in an education or training program leading to a recognized postsecondary credential, the unique count of the most recent date on which participants achieved Measurable Skill Gains in the reporting period.

Helpful links: [Measurable Skill Gains E-Learning-Module](#)

Measurable Skill Gains (MGS) (Cont.)

- ▶ **Depending on the type of education or training program, documented progress is defined as one of the following:**
 - ▶ Documented achievement of at least one educational functioning level of a participant who is receiving instruction below the postsecondary education level;
 - ▶ Documented attainment of a secondary school diploma or its recognized equivalent;
 - ▶ Secondary or postsecondary transcript or report card for a sufficient number of credit hours that shows a participant is meeting the state unit's academic standards;
 - ▶ Satisfactory or better progress report towards established milestones, such as completion of OJT or completion of one year of an apprenticeship program or similar milestones, from an employer or training provider who is providing training; or
 - ▶ Successful passage of an exam that is required for a particular occupation or progress in attaining technical or occupational skills as evidenced by trade-related benchmarks such as knowledge-based exams.

Data Needed in ETO for Credential Attainment

- ▶ For ETO Data Entry, for Measurable Skill Gains, please refer to the [WPC Website - Reports](#), under the **DOL PIRL Technical Assistance (TA)** section, under the **Data Integrity (DI) Team DOL PIRL Technical Assistance (TA)** category, under the **Data Integrity (DI) Team DOL PIRL Functional Training** sub-category, under the **DOL Measurable Skill Gains (MSG) PMA Functional Training** file.

Effectiveness in Serving Employers

- ▶ **Effectiveness in Serving Employers:** This indicator is a new approach for measuring performance under WIOA. The six WIOA core programs administered by DOL and ED have implemented a pilot program during which grantees must select two of three approaches to report data that the Departments will use to assess a permanent indicator.

What is being measured?

- ▶ Approach 1: Retention with the same employer— addresses the programs' efforts to provide employers with skilled workers.
 - ▶ **Approach 2:** Repeat Business Customers— addresses the programs' efforts to provide quality engagement and services to employers and sectors and establish productive relationships with employers and sectors over extended periods of time.
 - ▶ **Approach 3:** Employer Penetration Rate— addresses the programs' efforts to provide quality engagement and services to all employers and sectors within a State and local economy.
- ▶ Washington chose **Approach 2 and 3**
 - ▶ Reported to DOL annually by the WTECB
